Daily activities include supervised free playtime in various areas (i.e. blocks, housekeeping, art, science table, manipulatives, library area, dramatic play), prayer and Bible verses, music, large muscle skills, snacks, story time and creative crafts. STAFF & VOLUNTEERS

State checks are done through the Iowa Division of Criminal Investigation, while national checks are fingerprints processed through the Federal Bureau of Investigation. All staff continually completes training through Department of Human Services and Iowa Association of Education of Young Children.

EDUCATIONAL PHILOSOPHY

The staff will integrate a developmentally appropriate learning program where experiences will meet each child's needs and stimulate learning in all developmental areas (physical, social, emotional, intellectual and spiritual). Interactions and activities will be designed to develop children's self-esteem and positive feelings toward learning.

DISCIPLINE PHILOSOPHY

The Preschool's philosophy is that children can participate in activities without disruptive behavior from another child or intrusion into the other child's personal space. Any discipline is done with the intention of guiding the child to a better understanding of appropriate behavior. The children are taught proper behaviors through example, re-direction and problem-solving techniques, all of which are done in a positive and forgiving manner.

ENROLLMENT PACKET

An enrollment packet will be sent out in the month of May. The packet will contain several forms, including a physical exam and immunization sheet. Please schedule your doctor appointments soon so that all information is completed and returned to the Preschool before the fall session begins.

PARENT HANDBOOK

A Parent Handbook is available on our website www.treynorpreschool.com. The handbook contains enrollment, medical, financial and operating policies for the school.
